"THE DESERTED VILLAGE"

OR

Tropico After Consolidation

(With Apologies to Oliver Goldsmith)

Sweet Tropico! Loveliest village of the green!
Amidst thy bowers the politician's hand is seen.

The robe that wraps his limbs in silken cloth
May rob thy neighboring fields of half their growth,

While thus the land, adorned for pleasure all
In barren splendor feebly waits thy fall.

Ye friends to truth, ye statesmen who survey
While Glendale's joys increase and ours decay,

'Tis yours to judge how wide the limits stand
'Tween a dependent and a happy land.

Our hearts, distrusting, ask if this be joy
Even while Glendale's brightest arts decoy.

O Wisdom; nurse of liberty! constrain---
Teach erring man the fear of wide domain.

Teach him that towns of native strength possest,
Though very poor, may still be very blest;

That self-dependent power can time defy
As rocks resist the billows and the sky.

Sweet smiling village, loveliest of the lawn!
Thy sports will flee, thy charms will be withdrawn;

Thy bowers will sink in shapeless ruin all,
And the long grass o'ertops the mouldering wall;

Here will we take our solitary rounds
Amid thy crumbling walks and ruined grounds,

When, lost to all thy friends, thy treasure fled,
At Glendale's doors thou wil'st feebly plead for bread.

Housekeeping without Drudgery---

BOARD OF TRUSTEES MEET IN REGULAR WEEKLY SESSION

The Board of Trustees met as usual Tuesday evening with President Peters in the chair and all members present save Trustee Boyce.

Under the call for oral communications Mr. Mudgett complained of delay in the drafting of plans for the improvement of Hill street, which he thought an injustice to the property owners anxious to have work begun now so that it may be completed before winter storms can interfere with its prosecution. The Board agreed to consult Engineer Wattles in regard to the matter. Later in the session the Engineer stated that he would be ready with the plans a week from next Tuesday.

Mrs. Taylor of East Park avenue asked for information as to how many goats, chickens and rabbits the city permits a resident to keep on two lots. In that connection she stated that a tenant who is keeping four goats and large numbers of rabbits and chickens is giving her a good deal of annoyance. She was advised that under city ordaninces he would be permitted to keep four goats and her only remedy would be to give him notice to vacate. Complaint was also made that the tenant in question has been driving over the curbing, and the Street Inspector was instructed to see that it is stopped.

City Attorney Shaw reported that he had received a visit from the attorney for Mr. Miller, a Tropico property owner, who is objecting to the opening of an extension of Acacia avenue, and to the removal of an obstructing fence. Mr. Shaw stated that he had agreed to give the opposing attorney a few days in which to investigate the rights of his client and had therefore advised Street Superintendent Wasson not to proceed with the removal of the fence as instructed at the last council meeting. He said the opposing attorney had threatened to bring suit on any attempt being made to remove the fence. In the discussion which followed, Mr. Shaw explained that his opinion that the city has title to the thirty-foot strip in dispute is based on the Recorder's maps. Trustee Henry urged that the matter be forced to a legal issue and on motion of Seal, seconded by Alspach, the Street Superintendent was instructed to tear down the obstructing fence before next Tuesday night, President Peters voting no.

Under the head of new business President Peters reported that certain organizations had received communications from the Carnival Association of San Fernando inviting Tropico to be officially represented at the celebration, known as Candle Day, August 6th; that Mesdames Ella H. Harvey and Charles Barker had been tentively named and the Trustees had been asked to confirm the appointment. The Board at once assented and Mr. Peters named the two ladies mentioned as official representatives of Tropico.

President Peters also brought up the question of collecting license fees from a new line of jitney busses running from Park avenue and Brand boulevard to Sixth and Broadway, Los Angeles, and from other jitneys which are collecting passengers in Tropico. Mr. Mudgett ventured a protest on behalf of the jitneys but received no support from the Board which voted on motion of Henry, seconded by Alspach to instruct the City Marshal to collect yearly licenses from all persons operating jitney buses and picking up passengers in Tropico.

On the statement of Engineer Wattles that the extension phone in his office was not needed, the Board voted to discontinue it.

Street Superintendent Wasson reported that of the street lights ordered some time ago, all but one had been placed.

The Board then adjourned.

MISSIONARY MEETING

The Woman's Foreign Missionary Socity of Tropico Methodist church held its regular monthly meeting at the home of Mrs. Baker at 517 West Cypress avenue Thursday afternoon, July 13.

Mrs. Goodsell, the president, presided; Mrs. Lewis led in the opening song; after business Miss Ethel Baker and her sister, Mrs. West, bave a beautiful duet on cornet and piano.

Mrs. Lewis gave an interesting review of the regular lesson "The King's Highway." Rev. Henry read the Scriptures and gave two solos which were much appreciated; Rev. Ford gave a graphic account of the wonderful mission work in Korea; Rev. Goodsell offered the closing prayer.

After the program Miss Baker and her sister, Mrs. West, served delicious refreshments.

All felt they had enjoyed a hospitable and instructive time.

TROPICO'S DELEGATION

Plans are maturing for the great celebration to be held at San Fernando August 6th which it is expected will yield sufficient funds to restore the roof of the San Fernando Mission, which it is believed would not survive another winter of bad storms. Unless it is restored the walls cannot be protected and may crumble to ruin. The mission is a cherished landmark too intimately connected with the history of California and its development to be allowed to perish, and the response to the call has been immediate. All the towns in the valley will probably be represented by delegations.

Mr. and Mrs. William Harvey Jr., and Mrs. Charles Barker have been named to represent Tropico. They will be accompanied by a bevy of girls who will help in the sale of candles.

This movement is fathered by Charles Lummis, John McGroarty and other prominent members of the Landmarks Association. Two services will be held in the mission chapel during the day and there will also be a program of ten-minute speeches in which Miss Del Valle, Mr. McGroarty, Mr. Lummis and others will be heard.

IVANHOE BRIDGE IN POLITICS

The Ivanhoe bridge connecting the San Fernando Valley with the city of Los Angeles, shortening the distance by several minutes and miles will not be built till later. The city council intended to provide $16,630 to cover the city's cost of the bridge, but the appropriation will not be made till after the August primaries. Councilman Roberts, who is running (or thinks he is) for Supervisor in the fifth district, has been handing out so much campaign sop over the bridge affair that the budget committee decided not to provide for the "campagn bridge" till after the primary election. If Roberts did not try to use the proposition to further his personal political ends the Ivanhoe bridge would be in the building much sooner than it will now. Here is another illustration of where the people are forced to suffer.—Los Angeles Review.

Robert Carmack was brought home from the hospital Monday, and is making a splendid recovery.

Mr. Clay Seaman, his wife and family, arrived Thursday from the Imperial Valley and are now guests at the Harvey home on Tropico avenue. In reporting the news Mrs. Seaman stated that "Clay whistled as the car drew up to the gate." Dr. Mabry remarked in comment that he had often heard of a clay pipe but never before of a clay whistle.

Mrs. J. B. Hayes of Blanche Av., departed today for Kansas City, Mo., in which city she will visit with her daughter the ensuing three months, and meanwhile as a delegate from Southern California attend the W. R. C. National Convention to be held in that city in September. Mrs. Hayes is 72 years old, and an Illinois war widow.

Persons who contemplate a trip to San Diego or a stay in Los Angeles are urged to call at the Sentinel office. We can furnish you with hotel accomodations at a price which it will be worth your while to investigate and can refer you to Tropico people who have tested them.

A TRIP TO SAN DIEGO

Miss Ellen Marple Retts, one of the prize babies of the valley, recently took a trip to San Diego to act as little ring bearer at a beautifully appointed home wedding. She wore a dress of filmy white and a wreath of white sweet peas and ferns and carried the marriage ring in a basket of flowers. Miss Ellen motored to San Diego with her parents, Mr. and Mrs. C. M. Retts and little brother "Billie." Mrs. Retts, who for a number of years previous to her marriage was contralto soloist at the First M. E. Church, Los Angeles, sang two very appropriate solos in her own pleasing way.

Mr. Retts, who is one of our local contractors, drove his Maxwell roadster, and made the trip in five hours each way, with no mishap, except a puncture on the way home, which Mr. Retts fixed in a short time.

While there, they all enjoyed the Exposition and visited old Los Angeles friends now residing in San Diego.

W. T. HELMS

The Sentinel is inreceipt of the following communication from the "Citizens' Campaign Committee," which will probably be of considerable interest to voters:

W. T. Helms is a candidate for district attorney of Los Angeles county. After an experience of six years as deputy district attorney "Cap" Helms determined to make the race for the higher office and is out to win. With the backing of hundreds of leading citizens of the county his entrance into the present campaign has been received with enthusiasm.

Combining the vigor of youth with the wisdom of experience "Cap" Helms is prepared to work to the limit during the few weeks that remain before the August primaries. He is confident of securing a place on the ticket and his campaign is being conducted along lines of decency. There is no desire on his part to do any mud-slinging, instead he is trying to win on his merits and on the record of his work as a county official.

With twenty-five well known citizens as a committee, headquarters have been opened in Suite 216, California building, Broadway and Second streets, Los Angeles, and residents of the outlying districts are to be given a real welcome whenever they visit the city. The women's department is also opened to out-of-town folk who will appreciate the rest room provided for the women who are spending a short time in Los Angeles.

STATUS OF VOLUNTEERS

Second Lieutenant Joseph V. Griffin with Captain E. D. Johnson and Lieutenant Nichols of Glendale, was included in a party to which Governor Johnson gave audience last Friday at his headquarters in the Union League. Majors McReynolds and Light, who have been at the head of the movement to recruit a regiment of 1800 men in Southern California, were also present.

The meeting was sought for the purpose of tendering the companies already enlisted to the State of California through its chief executive.

The Governor treated his guests with the greatest consideration and assured them of his sincere appreciation of the work they are doing and of his desire to help them in every way he can. He also advised them, however, that the State has no equipment to give these volunteers, and for that reason it is probable they will have to be mustered into the National Guard and thus secure their arms.

Mrs. Eustace B. Moore and family returned last Friday from Long Beach where, in addition to the usual seaside enjoyments they had the pleasure of meeting old friends from El Paso, among others Mrs. O. A. Pritchett, a prominent club woman of the Texas city, who will be the guest of Mrs. Moore for several days in the near future.

CLEAN UP WEEK

Last week the city council named the period between July 29th and August 4th as "Clean UP Week."

This item is intended to warn all residents of Tropico to get busy, for they will be expected to empty attics and cellars as well as cupboards and closets of everything which could harbor germs for disease or afford a breeding ground for mould. Old cans and bottles and garbage of every description must be brought out where they can be collected by the garbage man, and the weeds and dead grass in parkings and lots must be cut and burned for the sake of appearances as well as sanitation.

Because of the epidemic of infantile paralysis on the Atlantic coast, and fear of the introduction of contageous diseases from Mexico, State officials are urging a general clean-up movement upon all local health officers as a precautionary measure.

PREPAREDNESS IN THE EAST

The Sentinel is indebted to Mr. John A. Logan for the following very interesting letter received by him from O. Burt Richardson and dated at Plattsburg on Lake Champlain.

"Dear Mr. Logan:—

Well, here I am down at the Plattsburg Military Training Camp where I am working under West Point discipline and training for six weeks with 5000 other colloge boys (the only ones who are eligible.) There are 600 from Harvard, over a hundred from Yale, 20 from Maine, 85 from Williams, and other large sized delegations from various universities.

"We are working night and day and it is real work too—from 5:15 until 10. We drill from 7:15 to 11:45 and from 12:35 to 4:30, so you can see this is no place for one who is seeking a pleasant vacation. I am mighty glad I came down here instead of attending summer school in Maine, as I had intended to do.

"Because of my privious instruction in military tactics I was made sergeant with a good chance to be a lieutenant before August 10th.

"I guess my mother is enjoying herself in Maine for the length of her stay seems to express this.

"Bill Lane, whose father is one of President Wilson's cabinet ministers, (Secretary of the Interior) is my tent mate. Other such sons of prominent men are here. Yes, Henry Ford's son is.

"Rates here are very reasonable for everything is under government supervision. There are also over 7000 men here in the Business Mens' Camp, which is closely connected with ous."

A TROPICO VACATION

Mr. J. Edward Vandiver, the popular postman, is having a two weeks' holiday. When he knew it was coming to him, he began to look for a nice, quiet place in which to spend it. After considering many possible locations, he made up his mind that Tropico, outside of San Fernando Road, was about the quietest spot on the map. It is reported that he will put in part of the time hunting and fishing, and wear "citizens' clothes" all the time.

TROPICO CITIZENS ON CONSOLIDATION

THE VITAL POINT

I have read carefully the answers of the Glendale Committee on consolidation and I am sure that they are all that anyone could reasonably expect.

In regard to the two most serious problems now before the people of Tropico, viz., water and light, both of these problems would have to be settled by the Tropico people independently in a separate bond election. While this would be eminently fair it would offer us no solution of the questions other than we already have and in case the bond election failed to carry we would still have to go on in the same old way and pay the same rates for water unless the Railroad Commission could be induced to grant us better ones.

All of these matters covered in the questions and answers of the committee are, to my mind, minor considerations. Undoubtedly the Glendale administration would use every effort to give Tropico a fair deal, and in the course of time everything might work out to the satisfaction and justice of all.

The vital point, however, in the consolidation question is, to my mind, an isue which may not come up for a number of years but which we would not be able to meet as we might wish, if we were consolidated with Glendale. This is the question of sewage disposal.

There will be practically two ways of meeting this question, either annexation to Los Angeles and connection with the Los Angeles sewer system which carries the sewage to the sea, or the establishment of a local system with a septic tank and sewer farm. In case the latter plan is adopted, owing to the situation of Tropico, the septic tank and sewer farm would necessarily have to be located here.

We know that Glendale, having a perfectly satisfactory light and water plant of her own would not wish to be annexed to Los Angeles for the sake of the sewage system if any other way were possible, so it seems to me that the probabilities are very strong that the septic system would be adopted. In view of this possibility, I think every voter should view the consolidation question in a far-sighted way and consider well whether it would be an improvement to our locality and the value of our property to have a septic tank and sewer farm located in our midst, for after consolidation we could not prevent it.

CHARLES H. CUSHING.

FALLACIES EXPOSED

It has been said that Tropico and Glendale should consolidate because Tropico is too small to conduct its city government economically. Economy does not depend on the size of a place or thing; it depends entirely on the care that is exercised in the management of its affairs. A small place can, by united effort and natural opportunities, be built up to exceed in importance a much larger place.

The County of San Francisco, for instance, is the smallest in the state, yet in wealth and population it ranks second among the 58 counties in California.

It has also been said that we should consolidate on the grounds that "the territory included in the two cities is one in natural location, character of population and general problems to be dealth with by the city government." These grounds for consolidation have been rejected in numerous instances by the people. For years San Francisco has agitated the question of consolidating the cities around the bay, but these cities will not consent to consolidation because of their inherent fear of giving San Francisco the mastery over them in the administration of their public affairs, and this is the complaint in Hollywood, Palms, San Pedro and other annexed portions of Los Angeles city. It was the cause of cutting San Diego county in two, and also the reason that created Riverside, Orange, Kings, and other new counties, who did not care to pay taxes that were generally spent for the improvement of the preponderating end of their respective county govern-

ments. All of these new counties, although smaller than they were when still connected with the mother counties, and being similar in population and environments, found it advantageous to cut adrift and go it alone. Los Angeles county today is crying out against the injustice of paying to the state annually about $1,700,000 in automobile license tax, of which it gets about $800,000 back for local purposes. Los Angeles county cannot control this loss to her people because she is a part of a larger community that controls her, the State. This argument holds good for Tropico, today, because if you cannot control your legislation you cannot command your just dues and the big end of representation will secure the big end of the money spent for local improvement and civic benefit. Should Tropico consolidate with Glendale she would invite this very situation. She would pay into the treasury of Glendale about $15,000 a year and get back a promised $3000. She would pay the same amount of taxes as she does now, and lose $12,000 a year. Of course a good part of this $12,000 is paid for salaries in Tropico, but these salaries when paid here circulate through the business channels of Tropico. They are deposited in the Tropico bank and help to swell its business. Should Tropico remain Tropico, local men would be employed to meet all the various city needs, who would pay their salaries back to Tropico business men. They would be keeping their money at home, just as Oakland and Alameda and Berkeley are doing by refusing to join San Francisco, and just as Riverside and Imperial Valley are doing now by refusing ot contribute to San Bernardino and San Diego, respectively. If we consolidate our money will be spent where it is paid; as in all other cases, the big end of the administration will get the big end of the favors. This is the same fear that prevents a rabbit from going into partnership with a puma—the fear that the puma, only, will get what is coming to him, and that the rabbit will be eaten up. The rabbit is justified in the belief that he can get along very nicely by letting well enough alone, and so can Tropico get along without the help of Glendale. Until some real reason for consolidation arises Tropico should paddle her own canoe.

PLAYGROUND PLANS

The executive committee of the Municipal Playground Association held a meeting at the playgrounds Friday evening to outline plans for the Society Circus, the date of which has been fixed at September 9th,—Admission Day.

Doctor Mabry submitted a financial report which showed the receipts of the carnival in gross were $277,79, that of the expenses of the carnival were $76.30, that the committee had expended more than the balance in playground improvements, particularly the tennis court which was built under an agreement with the band that all receipts from playground dances for which they furnished music should go to the playground until the cost of the court was paid, after which the band should have all the receipts from their dances; that an especially good court had been made the materials of which cost $99 and labor $99, posts, nets, etc., $32.50, making total cost in the neighborhood of $230. That two croquet courts had been put in, the old tennis court moved over about ten feet and put in shape with a new net; that a lighting system had been installed at a cost for material and labor of about $66; that a band stand was needed which Mr. Burke built himself, the material for stakes and lumber costing about $30; that the Boy Scouts asked for a hand-ball court which cost about $6, that in order to clean up everything including last year's bill of about $20, the Doctor had executed a note for $140.00 at the bank. This $140 represented the total indebtedness of the Association after all obligations had been cleaned up, and it is this which the committee wishes to wipe out by means of the proposed entertainment.

The plan aroused considerable enthusiasm. Mr. Joseph V. Griffin, who arrived late, reported conferences with Messrs. Steelman, Shipman, Blanchard and Layman, who promised to help. Mrs. Seaman assured the committee of Mr. Peckham's assistance, other committee members who belonged to organizations pledged the support of those organizations, and the meeting ended with general confidence in the success of the project, details of which will be published later.

RAILROAD WAGES

Shall they be determined by *Industrial Warfare* or *Federal Inquiry?*

To the American Public:

Do you believe in arbitration or industrial warfare?

The train employes on all the railroads are voting whether they will give their leaders authority to tie up the commerce of the country to enforce their demands for a 100 million dollar wage increase.

The railroads are in the public service—your service. This army of employes is in the public service—your service.

You pay for rail transportation 3 billion dollars a year, and 44 cents out of every dollar from you goes to the employes.

On all the Western railroads in 1915, seventy-five per cent of the train employes earned these wages (lowest, highest and average of all) as shown by the pay rolls—

NO DANGER OF EPIDEMIC

Dr. Mabry feels no concern in regard to the possible outbreak of an epidemic of infantile paralysis on this coast. In the first place, he considers that eastern authorities now have it well under control, and in the second place California is spending large sums to maintain inspectors at all points of entrance to the State who interview passengers on transcontinental trains, ascertain from whence they came and if from a danger zone, either isolate them at once or keep them under observation during the period of possible disease incubation. For instance. Dr. Mabry is liable to receive a telegram from an inspector warning him that a certain family to be kept under observation will reach Tropico at a certain time and must be met at the train and be looked after by him until the danger period is past. These precautions the doctor believes will be sufficient to prevent any spreading of the disease should infection be introduced. As to other infection from Mexico, there is even less danger than in the past when there was free passage across the border. Typhus exists only in the southern states of Mexico and is carried chiefly by vermin. Sanitary conditions are the best possible preventive.

TRANSCONTINENTAL TOUR

Mr. and Mrs. Charles Wallace Kimberly left last Monday on a transcontinental automobile trip. They were accompanied by Los Angeles friends, Mrs. Bingham, her two sons and daughter, who planned to go as far east as Chicago, while the Kimberly's destination is Davenport, Iowa, via the Lincoln Highway, and returning by way of the old Santa Fe trail, taking in the Grand Canyon. They will camp along the way and make stops at Salt Lake and Colorado Springs. Their cars are equipped with all conveniences for camping in the open and they anticipate a very enjoyable trip. They have allowed 18 to 20 days for the journey to Davenport. Should they encounter unforseen difficulties and hardships they may turn back, but if their plans carry, they will not return to Tropico until October first.

HUNTERS BUT NOT KILLERS

Dr. Duncan, his brother, W. H. Duncan, and H. W. Myers returned some days ago from a trip to Sulphur Springs, taking in Ventura, Santa Barbara and Matillaja. They camped in the open and found much to interest them, especially Messrs. Myers and H. W. Duncan, who are local authorities on geology and botany. The outcropping rock in the neighborhood of the springs furnishes a wonderful record for those who can read. Hot springs invaribly indicate the line of a "fault." Mr. Myers saw a number of plants that were new to him, among others the California Pennyroyal, which, in the increased size of its blossoms differs markedly from the sort common to the meadows of New England and the middle states.

The dtoctor reports that a new road is being built from Ventura to Matillaja which will make that country accessible both summer and winter and do away with the fording of creeks, which has hitherto made the journey difficult in the winter and spring months.

The average yearly wage payments to *all* Western train employes (including those who worked only part of the year) as shown by the 1915 payrolls were—

	Passenger	Freight	Yard
Engineers	$2038	$1737	$1218

Firemen	1218	973	832

A 100 million dollar wage increase for men in freight and yard service (less than one-fifth of all employes) is equal to a 5 per cent advance in all freight rates.

The managers of the railroads, as trustees for the public, have no right to place this burden on the cost of transportation to you without a clear mandate from a public tribunal speaking for you.

The railroads have proposed the settlement of this controversy either under the existing national arbitration law, or by reference to the Interstate Commerce Commission. This offer has been refused by the employes' representatives.

Shall a nation-wide strike or an investigation under the Government determine this issue?

LOCAL HAPPENINGS

Robert Taylor, the well-known veteran, has been elected Chief Templar of the Good Templar's Lodge of Glendale.

If appearances are not deceptive, Mr. John A. Logan, cashier of the First National Bank, is thoroughly enjoying his vacation. Last week he spent four days at Big Bear Lake in the San Bernardino mountains. He brought back no fish and is not enlarging upon his success as an angler, but he tells of seeing a five-pound mountain trout leap out of the water into the boat of another man, which would indicate that the fish in Big Bear Lake are anxious to be caught.

Mr. Will H. Hillman, his wife and two little sons are spending a week on the beach below Oceanside on a ranch where Mr. Hillman used to live.

Mrs. C. W. Marshall of Bakersfield, has been spending a week with her old friend, Mrs. E. Howard of Hotel Tropico. Mrs. Marshall and her husband conduct a hotel in Bakersfield but are looking for a new location nearer to Los Angeles.

Mrs. McLain of Bakersfield is spending the summer here at Hotel Tropico.

Mr. H. T. Hayward left last week on his semi-annual trip through Arizona, New Mexico and Texas, as salesman for the No Name Hat Company of Orange, N. J. He will probably be absent for two or three months. Mr. Hayward declares that Arizona is the best business prospect in the Union because the miners spend their money freely; although near the border there is some anxiety on account of the Mexican situation.

Mrs. C. Philips and son of 335 South San Fernando Road are still at Hermosa Beach as the guests of Mrs. Philip's mother.

Mr. and Mrs. H. G. McKevitt had as their week end guests, Mr. and Mrs. G. M. Slepto of Spokane, Washington, and Mr. and Mrs. Fred Weggenroth of Monrovia.

Mrs. L. C. Rice of 100 Central avenue, who has been absent for a couple of months, is here for a short time looking after business matters and visiting with friends.

Mr. Clay Seaman and family who arrived from the Imperial Valley at the close of last week, have been the recipients of considerable social attention of an infromal character. They were guests of honor at a family dinner party given by Mrs. Oliver Merrill of Lomita avenue, Glendale, last Monday evening, the guest list including Mr. and Mrs. William Harvey Jr., and the J. H. Seaman family of Tropico. Mrs. Harvey gives a family dinner Thursday evening in celebration of Mrs. Merrill's birthday, and of the home coming of her son Clay.

Mrs. B. F. Burlingham, who arrived Saturday evening from Trona, San Bernardino County, had an anxious trip as he came by automobile bringing a very sick woman to a Los Angeles hospital. He will spend a two weeks' vacation in Tropico with his wife who is entertaining Misses Lillian and Martha Beck from Trona.

Mr. and Mrs. H. W. Duncan and son Arthur of Los Angeles, were guests of Dr. Duncan yesterday (Sunday.)

Mr. and Mrs. W. A. Hough and daughter, Mary J. Evans, are spending a couple of weeks at Hermosa Beach.

Mrs. Cover Melrose has returned to her home in the North for a short stay, but plans to come back to Tropico in the near future to spend a couple of months with her father and mother, Mr. and Mrs. Ayers of 215 Palmer avenue.

Mr. and Mrs. Gaarder have gone to Seal Beach.

The Round Table Girls met Tuesday evening at the home of Miss Ethel Jones in the Snyder Apartments on Brand Boulevard.

Russell Huse, son of Mrs. Huse, residing on the corner of Cerritos and Glendale avenue, fell from a horizontal bar yesterday afternoon and broke his right arm at the wrist. The fracture was reduced and dressed by Dr. Duncan.

Miss Pauline Hamilton left Tuesday for the mountains on a camping trip with a party of friends.

NOTICE OF ELECTION

RESOLUTION NO. 230

A RESOLUTION CALLING A SPECIAL ELECTION IN THE CITY OF TROPICO AND SUBMITTING TO THE ELECTORS OF SAID CITY THE QUESTION WHETHER THE CITIES OF TROPICO AND GLENDALE SHALL BE CONSOLIDATED.

WHEREAS a petition has been presented to the Board of Trustees of the City of Tropico asking that the City of Tropico and the City of Glendale be consolidated; and whereas the Board of Trustees of said City of Tropico has examined said petition and inquired into the number and qualifications of the signers thereon and taken evidence thereon;

NOW THEREFORE, the Board of Trustees of the City of Tropico do resolve as follows:

SECTION 1. Said Board of Trustees hereby finds and declares that the said petition is signed by not less than one-fourth in number of the qualified electors of said City of Tropico as shown by the registration of electors of the County of Los Angeles, and that the said City of Glendale has a greater population than the City of Tropico.

SECTION 2. A special election is hereby called for and shall be held in the City of Tropico on the 5th day of August, 1916, and at said election there shall be and is hereby submitted to the electors of said City of Tropico the question whether the City of Tropico and the City of Glendale shall be consolidated.

SECTION 3. On the ballots to be used at said election there shall be printed the words, "Shall the Cities of Tropico and Glendale be consolidated?" and opposite such proposition to be voted upon and to the right thereof the words "Yes" and "No" shall be printed on separate lines with voting squares. If an elector shall stamp a cross (X) in the voting square after the printed word "Yes," the vote of such elector shall be counted in favor of such consolidation, and if an elector shall stamp a cross (X) in the voting square after the printed word "No," the vote of such elector shall be counted against such consolidation. Electors are hereby directed to vote upon the question of such proposed consolidation in the manner herein provided and above mentioned. The polls at said election must be opened at 6 o'clock A. M. of the day of election, and must be kept open until 7 o'clock P. M. of the same day when the polls shall be closed; provided, however, that if at the hour of closing there are any voters in the polling place or in line at the door who are qualified to vote and have not been able to do so since appearing, the polls shall be kept open a sufficient time to enable them to vote. But no one who shall arrive at the polling place after 7 o'clock in the afternoon shall be entitled to vote, although the polls may be open when he arrives. Except as herein or by law otherwise provided, the ballots used at such election, the opening and closing of the polls and the holding and conducting of said election shall be in conformity with the general laws of this state concerning municipal elections.

SECTION 4. For the purpose of holding said election, the City of Tropico is hereby divided into two precincts, which precincts are hereby established and designated, and election officers and polling places are hereby appointed and designated for said precincts respectively, as follows:

Special Election Precinct No. 1. All that part of the City of Tropico included within the following boundaries, to-wit:

Beginning at the intersection of the center line of Cypress Street with the west boundary of the City of Tropico; thence easterly along the center line of Cypress Street to the center line of Brand Boulevard; thence northerly along the center line of Brand Boulevard to the center line of Palmer Avenue; thence easterly along the center line of Palmer Avenue to the center line of Glendale Avenue; thence northerly along the center line of Glendale Avenue to the center line of Moore Avenue; thence easterly along the center line of Moore Avenue and the prolongation thereof to the easterly boundary line of the City of Tropico; thence northerly, westerly, northerly and westerly along the boundary lines of the City of Tropico to the intersection of the center line of Brand Boulevard with the northerly boundary line of the City of Tropico; thence westerly, northerly, westerly and southerly along the various courses of the boundary line of the City of Tropico to the point of beginning.

Polling place: No. 524 North Brand Boulevard.

Officers of election:

Inspector: Mai Henry.

Judges: E. P. Tresslar and Emmeline Roake.

Special Election Precinct No. 2. All that part of the City of Tropico included within the following described boundaries, to-wit:

Beginning at the intersection of the center line of Cypress Street with the west boundary of the City of Tropico; thence easterly along the center line of Cypress Street to the center line of Brand Boulevard; thence northerly along the center line of Brand Boulevard to the center line of Palmer Avenue; thence easterly along the center line of Palmer Avenue to the center line of Glendale Avenue; thence northerly along the center line of Glendale Avenue to the center line of Moore Avenue; thence easterly along the center line of Moore Avenue and the prolongation thereof to the easterly boundary line of the City of Tropico; thence southerly and in a general westerly direction along the various courses of the boundary of the City of Tropico to the center line of Brand Boulevard; thence in a general northerly direction along the westerly boundary line of the City of Tropico, to its intersection with the center line of Cypress Avenue.

Polling place: Meeting room of Board of Trustees of the City of Tropico on second floor of City Hall at the southwest corner of Tropico Avenue and Brand Boulevard.

Officers of election:

Inspector: C. C. Hapgood.

Judges: Minnie G. Bowman and Mary W. Seaman.

SECTION 5. The City Clerk is hereby directed to publish this resolution in the Tropico Interurban-Sentinel, a weekly newspaper of general circulation printed and published in the said City of Tropico, once a week for a period of four successive weeks next preceding the date of said election. Said resolution as published shall be preceded by the words, in black face type, "Notice of Election," and said publication shall be sufficient and due notice of said election, and no other notice thereof shall be given except by the publication of said resolution.

Passed by the Board of Trustees of the City of Tropico this 20th day of June, 1916.

OFFICIAL PAPER OF THE CITY

Subscription, $1.00 per year.

Advertising rates furnished on application. The Value of the Tropico Interurban Sentinel as an advertising medium is obvious when its field at the head of the San Fernando Valley is considered. The nature of the paper, the character of its subscribers and the class of advertising it carries tell the whole story.

A PREMATURE MOVEMENT

That there may be no misunderstanding in regard to its position, the Sentinel takes this opportunity to state that it would not oppose the consolidation of Glendale and Tropico under proper conditions, that is, under conditions which would give to Tropico a legal and dependable guarantee of proper territorial representation in the local government of the combined cities. That guarantee it is impossible to secure at this time and in view of the known uncertainties of politics, Tropico would be exceedingly foolish to forsake safe independence for an alliance on trust the eventualities of which are all in doubt.

The consolidation movement has simply been premature. When Glendale has organized under the sort of a charter that will enable her to invite Tropico to join her on terms of equality, i. e., with representation in proportion to her territory, population and assets, the question will be on quite a different footing. Then there need be no hisitation on either side. The opponents of consolidation are only asking for the laying of a proper foundation for union. Until that foundation is laid the cities would do well to remain apart if they would avoid onerous responsibilities on the one side and bitter discontent on the other.

EDWIN F. HAHN

The Sentinel is glad to have an opportunity to direct attention to the candidacy of Edwin F. Hahn for the Republican nomination for Congress from this, the ninth district.

Mr. Hahn is a citizen of Pasadena and has the endorsement of the Republican Club and of the press of that city. He is a man of clean life and lofty ideals. The Pasadena Star has this to say of him:

Mr. Hahn is a Republican. He believes strongly and conscientously in the fundamentals of Republicanism. He has been and is a student of affairs and of men. Nominated and elected, he would go to Washington equipped in capability and in conviction to serve this district usefully and to make a name for himself in the councils of national legislation that would be creditable and serviceable to this district and state. There is not a congressional district in the United States that outrivals this one in high average of general intelligence. A man thoroughly representative of its intelligence and progressive though should be its Congressman. Edwin F. Hahn is a man of whose personality, character, principles and abilities this district would be justified in being proud.

The nation is in the midst of stirring events and momentous vicissitudes. Men of stamina, of ideals, of versatility, are needed in Congress — men who can and will grasp crises and develop into intricate problems of state—men who can and will look carefully after the interests of their respective districts and yet whose vision is broader than one county or a few counties—such a man is Edwin F. Hahn.

Tropico must not expect unlimited prosperity if she votes to consolidate; for there are vacant stores in the business center of Glendale and right on Brand boulevard, too.

The Monday Luncheon Club met last week with Mrs. R. E. Hewes on Hillcrest drive. Mrs. E. A. Smith of Glendale was the fortunate winner of the prize, a beautiful vase. The next meeting of the club will be held July 24th with Mrs. Frank B. McKenney of Venice.

Mrs. Ringer of 348 Glendale avenue, a new comer in Tropico, was the unfortunate victim of a serious accident last Thursday evening. During the night she arose to wait upon her daughter, who was recently brought home from the hospital to recuperate from an operation. In the dark she missed her way and instead of passing into her own room, entered the bath room, which is on a different level, several inches below that of the adjacent room. As a result of the mistake she fell heavily and broke her arm.

RESOLUTION NO. 232.

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF TROPICO DECLARING THEIR INTENTION TO IMPROVE A PORTION OF ACACIA AVENUE IN SAID CITY UNDER THE IMPROVEMENT ACT OF 1911.

The Board of Trustees of the City of Tropico do resolve as follows:

SECTION 1. That the public interest and convenience require and it is the intention of the Board of Trustees of the City of Tropico to order the following work to be done:

FIRST: That Acacia Avenue in the City of Tropico from the westerly curb line of Brand Boulevard to the easterly curb line of Central Avenue be graded to the official grade, and that the roadway of said Acacia Avenue from the west line of Brand Boulevard to a line three feet west of the easterly curb line of Central Avenue, be macadamized to the official line and grade, all in accordance with plan, profiles and cross-section No. 78, adopted by the said Board of Trustees and on file in the office of the City Engineer, and in further accordance with specifications No. 78, adopted by said Board and on file in the office of the City Clerk.

SECOND: That a cement curb be constructed to official line and grade along each side of the roadway of said Acacia Avenue, from the westerly curb line of Brand Boulevard to the easterly curb line of Central Avenue, with curb returns at the alley intersection between said Brand Boulevard and Central Avenue. All of said curbs to be constructed in accordance with the above mentioned plan, profiles and cross-section No. 78, and in further accordance with said specifications No. 78 and specifications No. 2 adopted by said Board of Trustees and on file in the office of the said City Clerk.

THIRD: That a cement sidewalk five feet in width be constructed along each side of said Acacia Avenue, from the westerly curb line of Brand Boulevard to the easterly curb line of Central Avenue, to the official line and grade in accordance with said plan, profiles and cross-section No. 78, and in further accordance with said specifications No 78 and specifications No. 1 adopted by said Board of Trustees and on file in the office of said City Clerk.

FOURTH: That the roadway at the intersection of Brand Boulevard and Acacia Avenue be paved with concrete between the present line of concrete pavement at said intersection and the lines of new curb to be constructed therein on each side of said Acacia Avenue, all in accordance with said plan, profiles and cross-section No. 78, and in further accordance with said specifications No. 78, adopted by said Board of Trustees and on file in the office of said City Clerk.

SECTION 2. That the said contemplated work or improvement in the opinion of said Board of Trustees is of more than local or ordinary public benefit, and the said Board of Trustees makes the expense of said work or improvement chargeable upon the district hereinafter described, and declares that the district in said City of Tropico benefited by said work or improvement, is described as follows:

All of that portion of the City of Tropico included within the following boundary lines:

Beginning at the northeast corner of Lot 1, Tract No. 1375, recorded in Map Book 18, page 85, records of Los Angeles County, thence westerly, northerly and westerly along the northerly and easterly boundary of said Tract to the northwest corner of Lot 4 of said Tract; thence westerly in a direct line to the northeast corner of Lot 1, Tract No. 1066, recorded in Map Book 17, page 74, records of said County; thence westerly and southerly along the northerly and westerly line of said Lot 1, Tract No. 1066, to a point 88 feet southerly from the north line of Lot 28, Watts Subdivision, recorded in Book 5, page 200, Miscellaneous Records of said County; thence westerly on a line parallel to the north line of said Lot 28, to the center line of Central Avenue; thence southerly along the center line of Central Avenue to a point 495 feet southerly from the westerly prolongation of the north line of said Lot 28; thence easterly on a line parallel to the north line of said Lot 28, to the west line of said Tract No. 1066; thence northerly along said last mentioned line to the southwest corner of Lot 2 of said Tract No. 1066; thence easterly along the southerly lines of Lots 2, 3, and B, of said Tract No. 1066, to the southeast corner of said Lot B; thence easterly in a direct line to the southwest corner of Lot 10, Tract No. 939, recorded in Map Book 16, page 154, records of said County; thence easterly along the southerly lines of Lots 10 and 9, of said Tract and prolongation thereof, to the east line of the alley in said Tract; thence northerly along the east line of said alley to the southwest corner of Lot 5 of said Tract No. 939; thence easterly along the southerly line of said Lot 5, and prolongation thereof, to the west line of the right of way of the Pacific Electric Railway; thence northerly along the west line of said right of way to the easterly prolongation of the northerly line of Lot 1, aforesaid Tract No. 1375; thence westerly along said prolongation to the point of beginning.

For further particulars as to the boundary lines of said district, reference is hereby made to a map thereof approved by the Board of Trustees of said City on the 27th day of June, 1916, and on file in the office of the City Engineer of said City.

SECTION 3. The said Board of Trustees hereby determines that serial bonds shall be issued to represent each assessment of $25.00 or more, for the costs of said work or improvement; said serial bonds shall extend over a period of nine years, from the 2nd day of January, next succeeding the date of said bonds, and shall bear interest at the rate of seven per cent per annum, and an even annual proportion of the principal sum thereof shall be payable by coupon on the 2nd day of January of each year after their date, until the whole is paid, and the interest shall be payable semi-annually by coupon on the 2nd days of January and July respectively of each year, at the rate of seven per cent per annum, on all sums unpaid until the whole of said principal and interest have been paid.

SECTION 4. It is hereby determined and notice is hereby given that any and all persons having an objection to the proposed work or improvement above mentioned, may appear before the said Board of Trustees on the 8th day of August, 1916, at the hour of 7:30 o'clock P. M. of said day, at the regular meeting place of said Board in the City Hall of the City of Tropico, at the southwest corner of Brand Boulevard and Tropico Avenue, and show cause why said pro-

posed improvement should not be carried out in accordance with this resolution.

SECTION 5. All of the proceedings for the aforesaid improvement and for the issuance of said bonds shall be taken under and in accordance with the provisions of an act of the Legislature of the State of California, known and designated as the "Improvement Act of 1911," and amendments thereof.

SECTION 6. The City Clerk shall certify to the passage of this resolution and shall cause the same to be published twice in the Tropico Interurban-Sentinel, a weekly newspaper published and circulated in said City of Tropico.

Passed by the Board of Trustees of the City of Tropico and approved this 18th day of July, 1916.

FRANK E. PETERS,
President of the Board of Trustees.

I hereby certify that the foregoing resolution was introduced and passed by the Board of Trustees of the City of Tropico at their regular meeting held on the 18th day of July, 1916, by the following vote, to-wit:

AYES: Trustees Henry, Seal, Peters. Alspach.
NOES: None.
ABSENT: Trustee Boyce.

Witness my hand and the seal of said City this 18th day of July, 1916.

MARGARET R. COLEMAN,
Clerk of the City of Tropico.

P. S. McNUTT

Mr. P. S. McNutt of Sycamore Canyon is a Republican candidate to represent the Sixty-first District in the State Legislature. Mr. McNutt comes pretty close to being a home candidate as Sycamore Canyon is a near neighbor to Tropico, and voters in this city will no doubt welcome the opportunity to vote for him at the primaries.

Mrs. C. M. Turck of North Glendale avenue, entertained Monday in honor of her grand-daughter, Virginia Buxton, with a picnic luncheon at Griffith Park at which about fifteen young people of Tropico and Glendale were guests.
